129,000 lb Pilot Project Permit Trip Log Instructions

This form may be used temporarily to keep track of the number of trips made by a vehicle operating under the 129,000 lb Pilot Project Permit.

The information listed below is required to be reported by the end of a quarter, into the internet reporting program. If no trips were made during a given quarter, that must be reported as well into the same program. The quarters are as follows:

- 1st quarter: January, February & March
- 2nd quarter: April, May & June
- 3rd quarter: July, August & September
- 4th quarter: October, November & December

Each laden trip at weights in excess of 105,500 lbs must be listed (a trip is defined as each way unladen or laden).

1. Permit Number – found on lower right hand corner of permit.
2. Unit Number - unit number of towing vehicle.
3. Trip Date – day trip was made.
4. Trip Origin – starting point.
5. Trip Destination – ending point.
6. Commodity Hauled – what was hauled.
7. Gross Weight – gross weight of vehicle configuration (laden).
8. Route(s) – list each highway traveled (US30, US93, SH25, etc.).

Failure to submit trip logs quarterly as required will result in the revocation of all pilot project permits issued to the carrier. Upon submission of all delinquent trip logs, new permits may be issued.
